"Is Secretary Shaw Presidential timber?" asks an exchange. Sure, Mike, but he is only the whittling size.

No, it is not a particle of use to try to persuade any Republican administration to give up the Philippines. A whitewash mine has been discovered over there and that guarantees the future supply at Washington.

The Durham Herald has given out the contract for a handsome office and publication building, which is to be a two story structure of red pressed brick, red mortar, and brownstone trimmings. Upon this evidence of sure enough prosperity and material demonstration that the Herald is getting there with all four feet, the Star is bound to extend its most cordial felicitations.

The Dr. William B. Pritchard who was mentioned in the New York dispatches as having been called to attend Baron Komura, is a son of the late Dr. Pritchard, for so many years pastor of the First Baptist church of this city. His mother, Mrs. Fannie G. Pritchard, now resides here, her home being at Wrightsville. It is mighty hard to keep a son of North Carolina from figuring in the limelight.

In an Indiana town the other day a pink lemonade man made up a great quantity of his beverage and then locked the town pump so the crowds couldn't get water and had to slake their thirst with lemonade. If such a thing on the part of the lemonade man is dispicable, how about the trusts which put the lock on everything and make the people of all the world patronize them in their way and at their prices?

LOCAL DOTS.

—Other local on fourth page

—The Postal Telegraph Company has recently opened offices at Thomasville and Elizabeth City, N. C.

—The local cotton market yesterday was steady at 10 1-4 cents; New York spot yesterday was quiet at 10.90. Local receipts were 3,146 bales against only 303 same day last season.

—There will be a game of baseball between the Wilmington Black Stockings and a colored team from Darlington, S. C. this afternoon. The game will be called at 4 o'clock at Hilton Park.

—The first car-load of buggies ever shipped into Brunswick county passed through here a few days ago, consigned to Messrs G. E. Brooks & Co., the large and enterprising mercantile firm at Seaside, N. C.

—Owen Quince, colored, who was bound over to Superior Court a few days ago for engaging in a cutting affray with George Newberry at Eleventh and Market streets, has given bond for his appearance.

—Mary Bowen, the insane colored girl taken in custody by the police a few days ago, was adjudged insane by a commission of lunacy yesterday and will be either sent to the County Home or given in custody of relatives as no place can be secured for her in the State hospital.

—By deed filed for record yesterday C. P. B. Mahler and wife transferred to Frederick W. Kuhl, for $240, property on east side of Eighth, 66 feet south of Bladen street, 33x82 1-2 feet in size. A quit claim deed to the same property was also filed yesterday from Virginia E. Bunting to F. W. Kuhl.

—Capt. Herbert Ward and Mr. J. L. Jordan went up to Still Bluff, Pender county, yesterday and joined Mr. W. L. Pridgen on a fishing expedition in Black river. They had a very fine day's sport, the catch having amounted to 103 perch to say nothing of numerous other fish that were not desirable.

—Mr. M. L. Fields, a merchant on South Front street, had trouble Wednesday afternoon with "Country" John Williams, whom Mr. Fields could not keep from behind the counter until he had given him a good thrashing. "Country John" and Mr. Fields will be heard as to the difficulty in Justice Bornemann's court at 10 o'clock this morning.

—Friends of Mr. and Mrs. Jno. A. He is evidently a walking blind tiger some where in the country.

—Levi Hammond and Jasper Stewart, the Croatans arrested at the beach day before yesterday, were let off with the costs before Justice Furlong yesterday but were held under bonds of $25 each to answer the charge of carrying concealed weapons. Wm. J. Bellamy, Esq., represented the defendants and bond was furnished through Col. Walker Taylor by a lumber company by which the Croatans are employed in Robeson.

HIGHSMITH-JENKINS.

Marriage of Prominent Young People in Sampson Yesterday.

The marriage of Miss Eva Highsmith to Mr. George Francis Jenkins, was solemnized yesterday at 3 o'clock, P. M., at the home of the bride's parents, Mr. and Mrs. L. R. Highsmith, near Kerr, Sampson county.

The form of ceremony used by the officiating minister, Rev. J. W. Alderman, was remarked upon as being particularly beautiful, and its impressiveness was enhanced by the elaborate decorations of the room. Miss Eloise Taylor presided at the piano.

The bride's dress was of white silk and chiffon; she wore a veil, and her bouquet was of roses and ferns. The bridesmaids, the Misses Eunice and Isabel Highsmith, were costumed in white and green. Mr. Jenkins' best man was Mr. A. J. Howell, Jr.

Immediately after the ceremony, Mr. and Mrs. Jenkins left on a bridal tour for Washington and other Northern cities. After October 1st, they will be at home in Salem, N. C.

The guests from Wilmington were Mr. Emmett Highsmith and Mr. and Mrs. A. J. Howell, Jr. Mrs. Howell is a sister of Mr. Jenkins, who is a son of Capt. and Mrs. R. A. Jenkins, of Winston. The groom is a travelling salesman with the Forsyth Chair Company, of Winston. They both have many friends in this city, who will be both interested and pleased at the announcement of their marriage.

A STORMY SESSION

Board of Aldermen in Special Meeting Last Night at City Hall.

SOCIAL EVIL CONSIDERED

Also Police Matters and Committee's Investigation — Bitter Personal Colloquies Ensued Between Members and Mayor.

The special meeting of the Board of Aldermen last night was turbulent. There was no suggestion of a "secret conference," as intimated, several members of the Board having declined to enter such an alliance for the transaction of public business. The spectators were present in goodly numbers and interest in the proceedings never lagged for a moment of the hour during which the meeting continued.

The social evil was the principal subject under consideration. It came up on report of the committee of three recently appointed at a private conference of the Aldermen and the Mayor to investigate conditions and look into the practicability of carrying out the Mayor's idea of segregating houses of alleged bad character in a remote part of the city and providing a plan by which parties concerned could be made to meet the expense of the extra police service required. The report was submitted by Alderman P. Q. Moore, in writing, as follows:

"Your committee appointed to investigate the houses of ill fame make the following recommendation: That the alleged occupants of houses of ill fame, situated upon MacRae street, between Chesnut and Grace, be moved to a district, bounded by Tenth street on the west, Princess street on the south; Red Cross on the north and the woods upon the east. If this recommendation meets with the approval of the Board, we would respectfully suggest that these persons be given ample time to dispose of their property and to move to the district above mentioned.

(Signed) "COMMITTE OF THREE."

Alderman Johnson wanted to know who constituted the special committee. Mr. Moore rather impatiently replied that Mr. Johnson knew as well as he did that it was agreed at the private conference that, for obvious reasons, the names of the committee would not be made known but if Mr. Johnson must know, Mr. Moore said he felt no hesitancy in saying that so far as he was concerned, he would state that he was chairman of the committee and would bear the responsibility of the report.

Mr. Johnson offered a substitute making the district still more remote and saying that reputable citizens lived across the street from the committee's proposed district and he for one would not stand for it. Mr. Johnson named two districts that he said were preferable. These were defined as east of Twelfth street, south of Ann and north of Church street, and on the west side of Second, beyond the Atlantic Coast Line. Mr. Moore took issue with Mr. Johnson and made a plea for the poor white people living in the district named by Mr. Johnson and saying that in the block recommended by the committee, no white people lived.

"Yes, but they are just across the street," retorted Mr. Johnson who added that in the district proposed by him there were not half a dozen white families living.

Mr. Johnson then made a passionate speech condemning the evil as it now existed and asked for relief in behalf of respectable residents, who were constantly annoyed by disorderly bands of ruffians going to and from the present locality. Instances of indignities and disorder were quoted and he charged that the Mayor, the police and the Aldermen themselves were recreant to their trust if they failed to see that the law on the book is exhausted in attempting to abate the nuisance. Mr. Johnson spoke in a loud and excited manner and the Mayor interrupted to say that he would not permit a reflection upon his enforcement of the law; that he could not act on heresay testimony and if Mr. Johnson could furnish the evidence, he would act upon it and jump at the chance.

"What's our police force for, if they are not to ferret out crime and why are not detectives at the disposal of the Mayor put on the cases?" vehemently inquired Mr. Johnson, and the Mayor replied that the member knew when he said it, that the Mayor had no detectives at his disposal. Mr. Johnson retorted that the existence of such places was known to everybody and the Mayor could proceed like they do in other towns or by raiding the houses. The Mayor replied that as a sworn officer of the city he would not act without warrant of law and defied Mr. Johnson to furnish the affidavits himself. Mr. Johnson said it was not his place to do so and the Mayor then warned him against making charges. A hot colloquy then ensued during the progress of which the Mayor served notice on Mr. Johnson "there and then" to appear before him the following day to testify to such facts as he had knowledge of. Later, in the presence of the Board, the Mayor issued instructions to the Chief of Police to serve upon Mr. Johnson a subpoena requiring his appearance.

Mr. Moore and Mr. Johnson then engaged in a heated cross-fire about the proposed locations and hot shot was the order for the next few minutes. Mr. Moore characterized as a lie, so far as he was concerned, any intimation that he had property interests to subserve by the change. Mr. Johnson did not make the intimation but said that somebody might say it as well as other irrelevant things about himself.

Alderman W. E. Yopp said the issue had been so befuddled he wanted the report of the committee read again, which was done and the Mayor called attention that Mr. Johnson's substitute had received no second. Mr. W. H. Yopp said he would second the substitute as he regarded the committee's location too near the hospital and cemetery. Mr. Johnson called for a rising vote on the substitute, but as the vote was about to be taken, Alderman O'Brien arose and very calmly said that he regretted that the matter in hand had been stirred up again and so much fuss made about it. There was no occasion for it and he moved that the committee be granted further time. The motion was seconded and carried by a rising vote, unanimously, except Aldermen Price and W. H. Yopp, who did not vote, and Alderman Johnson, who voted in the negative.

The Mayor then called the next item named in the call—a report from the Police Department. Chairman Karr, of the Police Committee, said that the same afternoon the committee had investigated the conduct of Chief Williams upon the occasion of the recent trouble in "Brooklyn" and had fully exonerated that official. Mr. O'Brien said he, with other Aldermen, were present at the investigation and he thought the committee had acted wisely and with justice to all parties concerned. He moved the adoption of the committee's report. The motion was seconded by several. Mr. Johnson arose to make a few remarks, but before he got fully into his subject he was frequently interrupted. It was seen, however, that he did not rise in opposition and pleaded to be allowed to say what he wanted to say. His intentions were evidently misunderstood, for he was soon deep in a heated colloquy with Alderman O'Brien, who denounced his action in the police affair and charged that Mr. Johnson would have had Chief Williams dismissed, without trial, if he could. Mr. Johnson justified himself by saying that he wanted to proceed only according to the ordinance, a copy of which he held in his hand and ran hurriedly over. Meantime, however, the controversy waxed warmer and both were shouting at each other at one time across the table inside the council railing. It was the stormiest scene of a stormy session and the Mayor rapped for order. The Mayor interposed to say that it seemed that some people had a knife up their sleeves at all times for the administration and seemed to want to hamper everything as far as possible. Later Mr. Johnson disclaimed any purpose to discount the administration, saying he would always work for the good of his people, but at all times, he would reserve the right to express himself forcibly upon all public questions and public officials as he thought best. The report of the committee was adopted without a dissenting voice.

Chairman Karr, of the Police Committee,, also reported that the committee had investigated charges of unbecoming conduct on the part of Officer D. W. Willis, while on quarantine duty on the trains, making his headquarters at Whiteville. The committee has suspended the officer, pending further investigation of the affair, and the Board last night confirmed the committee's action. Alderman Johnson suggested that if necessary the Police Committee might go to Whiteville to complete its investigation. No action was taken on the suggestion

The Mayor then called the next item of business enumerated in the call—a report from the streets and wharves progress. Mr. Johnson asked about curbing and Chairman O'Brien explained that one car was here and another was on the way. Then Mr. Johnson asked what was being done with the shell from the section of Fourth street now being paved with brick. Mr. O'Brien stated it was being used on Third, from Hanover to Brunswick, and elsewhere in the vicinity where needed.

The Board then adjourned and everybody wanted to know what the meeting was for anyway.

PRETTY WEDDING IN PENDER.

Miss Daisy R. Sutton Bride of Mr. Robert Charles Platt.

At the home of the bride's parents, Mr. and Mrs. W. E. Sutton in Burgaw, yesterday afternoon at half after four o'clock, a pretty wedding ceremony performed by the Rev. A. D. McClure, D. D., of this city, joined in marriage two popular young people of Wilmington—Miss Daisy Robinson Sutton and Mr. Robert Charles Platt. The parlors of the home were very attractively decorated for the occasion, and were thronged with admiring friends and relatives to witness the happy nuptial event.

The bride wore a becoming going away gown of blue silk and carried a bouquet of white carnations. Promptly at the appointed hour for the service the party entered and stood at a pretty improvised altar, the groom being accompanied by his best man, Mr. James S. Williams, of Wilmington. The ring service was used and the bride was given away by her father upon whose arm she entered. The ceremony was very pretty and impressive and after it was over, friends and relatives pressed forward to extend happiest congratulations. Mr and Mrs. Platt left on the evening train for a bridal tour of two weeks which they will spend at places of interest in the North. Returning to Wilmington, they will be at home on Grace, between Sixth and Seventh.

Before the wedding yesterday an elegant wedding repast was served at the home of the bride's parents. A very large number of handsome wedding presents were received.

Among those who attended the marriage from Wilmington were Mrs. Platt, Mr. James Sutton and wife Mr. R. F. Warren and wife, Mr. and C. F. W. Rehder, Messrs. N. E. Gillican, J. S. Williams, Ed. Bizzell and Carl B. Rehder.

Two Cotton Steamers.

The Norwegian steamer Kingswood, Capt. Olsen, and the British steamer Greatham, Capt. Gowing, arrived yesterday for cotton cargoes from Messrs. HE WAS EXONERATED

Police Committee Finds Chief Williams Guilty of No Official Misconduct

THE LEE RIVENBARK EPISODE

Number of Witnesses Testified as to Incidents of Recent "Brooklyn" Excitement and Reported Hold-up of Party.

The Police Committee of the Board of Aldermen met yesterday afternoon and after a hearing of all the testimony available, exonerated Chief of Police Williams of any unbecoming conduct in connection with the recent Rivenbark episode at Fifth and Harnett streets. The burden of the testimony was to minimize the cause of the trouble and to show that there was no dereliction on the part of the chief in not firing into the party of colored people, who are alleged to have called to him "Hold Up" about a block and a half from the house on the night of the disturbance.

There were present at the investigation Chairman J. A. Karr and Aldermen J. O. Brown and P. Q. Moore, members of the Police Committee; City Clerk and Treasurer John J. Fowler, who, by request, kept a record of the proceedings; Mayor Waddell, City Attorney Marsden Bellamy, Jr., Chief Williams, Aldermen O'Brien, Johnson, W. H. Yopp, Mr. J. A. Taylor, representatives of the press and others. The motion to exonerate was by Alderman P. Q. Moore, of the Committee, who made the motion in the midst of the hearing, not desiring to hear any further testimony.

The witnesses were sworn by Mayor Waddell and Chief Williams first detailed his version of the aair, being later questioned by members of the Committee, Alderman W. H. Yopp and Alderman E. F. Johnson, as occasion required for any enlightment upon any particular phase of the situation. Chief Williams said that when he heard some negroes whom he passed say "Hold Up," he reined in his horse but was besought by young Rivenbark to go on, the last named saying the negroes perhaps were not talking to him. Chief Williams said his horse was very spirited and it was hard to slow down, but that the speed of the buggy, as a matter of fact, was checked, after which he drove on.

Percy O. Hall, druggist at Fourth and Harnett streets, who sent in the police call at the request of parties from the Rivenbark home, told of that circumstance, but otherwise his evidence was not important.

Mrs. Lizzie Ellis, an aunt of the young man, testified as to Rivenbark's terror and to having seen negroes across the street in bunches and several strange negroes passing the house. On cross examination by members of the committee, she said it was nothing unusual to see parties of negroes on the sidewalk but on this occasion her attention was particularly drawn to the fact because of the dread of her nephew that the negroes were after him and that he had heard some of them on the corner say something about a room and a rope. She said that directly after his father died some years ago, the young man's mind had been unbalanced and she did not know whether his fright was on account of other trouble in that way or not. The young man didn't want to leave with Chief Williams for the hall but she pleaded with him to go. In a very short while the chief returned with her nephew to the house and gave him protection there.

Lee Rivenbark, the young man whom the negroes were said to be after, was next brought in, the witnesses having been admitted one at a time. He said that he had heard negroes threatening on the corner and saw some across the street. The chief came and he went with him to the City Hall. He said about a block and a half this side of the house there were some negroes in the road and as they passed some one said "Hold Up." The chief reined in his horse, which was going pretty fast, and put his hand to his hip pocket, but the witness told the chief the negroes were not talking to them and to drive on. The chief then slapped the animal with the reins and went on. A friend of the witness named Turlington, from Fayetteville, was in the buggy with them. After getting to the hall, the police came and were armed and returned to the house, he with Chief Williams and Sergeant Woolard in the buggy. The witness was cross-examined by Aldermen Johnson and Yopp.

Mr. J. A. Taylor said he didn't know why he was summoned and did not recognize the right to compel his attendance upon the hearing. However, he would waive that right. He then proceeded to defend the position taken by him in a card in the Evening Dispatch and a previous interview in that paper with Chief Williams in which he did not deny the original newspaper accounts of the affair, which it was now sought to minimize. He wanted to know if there was no occasion for alarm, why were nine police sent to the scene of the trouble and extra arms provided at the police station the following night. He referred to the unfavorable comment the action of the chief would create abroad, probably to the detriment of the city. Mr. Taylor was questioned by the chief at some length, tending to justify his action upon the occasion referred to. He said the men were sent out to keep down trouble not to make trouble. Mr. Taylor disclaimed any personal animosity toward the chief, but stood upon his rights as a citizen to criticize public officials in a public capacity.

A representative of the Star was next questioned as to the sources of his information upon which the original account of the affair was given in these columns. The sources of information were given as young Rivenbark himself, his friend, Mr. Turlington; Mr. Percy Hall, from whom the original summons came to the police station; Chief Williams and from a general observation at the police station when the nine men were originally called from their beats, some of them armed with shot guns and sent to the scene of the trouble. The reporter knew of his own knowledge nothing of the reported hold-up of the party in the buggy further than the facts gathered generally on the scene during the ill-suppressed excitement at the time, and on the following night when guns were sent around for and placed at the police station in case of an emergency, ammunition having been secured from a hardware dealer, who came down to his store at the request of the chief.

Sergeant C. W. Woolard, who only received the 'phone message of the trouble and accompanied the chief back with the prisoner, gave his version of the affair.

Mr. J. D. Mote was next called in but he disclaimed any personal knowledge of the affair. He had been summoned at the request of Alderman Moore, who was then busy at the 'phone. Mr. Moore upon completion of his conversation over the 'phone, turned to Mr. Mote and asked as to certain street reports that Rev. Geo. B. Webster, who lives in the neighborhood of the reported hold-up, had heard some one pass his house whipping a horse. Mr. Mote disclaimed any personal knowledge of the incident, and "challenged as a lie" the statement that he had said that the chief was whipping up his horse, telling of something that had come from a third party. Mr. Moore became somewhat heated at Mr. Mote's replies and advanced close to him, saying that the party who told him would smash his (Mr. Mote's) face, if he told him that he lied and that he (Mr. Moore) would smash him, if he denied it. Chief Williams, Aldermen King and others advanced and the trouble was soon over, the whole affair having appeared to be the result of a misunderstanding.

A few minutes later Mr. Moore made the motion to exonerate and the committee adjourned to hear a less important matter.

SOUTHERN INSURANCE ENTERPRISE.

The Manufacturers' Record recently contained a valuable editorial on the failure of the South to take advantage of its opportunities to engage in insurance enterprises. Our esteemed contemporary shows how important a field was, thus overlooked and demonstrated what splendid opportunities lie before Southern business centers in organizing their own insurance companies. Alluding to the importance of the question so timely sprung by the Manufacturers' Record the Baltimore Sun makes this valuable observation:

"It is doubtful whether the Southern people are getting their proper share of the benefit accruing to somebody from the large insurance business done within their territory. Handling the money of the insured is a good thing for the localities that do it. Little towns in New England have insurance companies that get much business in the South, to the advantage of the enterprises of said towns. But why should not the premiums paid by Southern people be available for fructifying Southern enterprises? The Manufacturers' Record shows that Southern insurance companies in 1904 collected but $536,252 in premiums from Southern people, while Northern companies collected $50,304,805 from the Southern people. This $50,000,000 was handled to the advantage of the communities in which the Northern companies exist. It is estimated that Northern companies have in their reserves $200,000,000 collected from Southern policy holders. There is no good reason why the South should pile up this enormous sum in the North, to be loaned to Northern business men at low rates for the stimulation of Northern enterprises, while Southern enterprises are paying high rates for loanable capital. It is a mistake to suppose that an insurance company needs to be in a big city. Montpelier, Vt., with a population of 6,266, has an insurance company which last year received $5,000,000 of cash premiums. Character, enterprise and knowledge of business are the requisites, and these are to be found in many small Southern towns."

North Carolina is beginning to appreciate the importance of keeping its insurance money at home, and already we have a number of substantial and well to do insurance companies in our principal cities. Several have recently been organized, and we hope before long to see every important town in the State with its home insurance company or patronizing the companies already established in Wilmington and other cities. Banking has had its boom in North Carolina for the past few years and there is a great field open to the insurance business. Let us keep at home the many millions, or some of them, which North Carolian pays out annually for life and fire insurance.

RICHMOND WHOLESALE TRADE.

Our esteemed contemporary, the Richmond Times-Dispatch has this to say in regard to the Fall trade:

"The Fall trade of the Richmond wholesale merchants, which is now at its height, is of such proportions that the people of Richmond, as well as the merchants themselves, should be delighted. Richmond has a remarkably extensive commercial territory. Richmond jobbers think nothing of shipping a train-load of shoes to Texas for distribution among the merchants of that State, and the Carolinas are looked upon as almost the exclusive field of our wholesale dealers. Portions of Virginia are cut off from the Richmond market, owing to unfriendly railroad schedules and rates, but the time is bound to come when the railroads of the State will realize the unwisdom of a policy which drives trade from the State capital to a Northern city.

"There was a time when many Southern merchants preferred to buy their supplies in Baltimore, Philadelphia and New York. That was in the days when all merchants made annual pilgrimage to the wholesale markets for the purpose of securing their stock. The commercial traveler has changed this. Goods are purchased now chiefly by sample. The Richmond drummer has forced Richmond goods on their merits into markets they could not have reached under the old system.

"It is a fact that Richmond wholesale houses have been able to much more than hold their own in competition with those of Northern cities. And that which gave them the supremacy they now enjoy will increase the prosperity of the Richmond wholesale dealers as the years go by."

For the same reasons given by the Times-Dispatch Wilmington is doing a large wholesale grocery business and a considerable jobbing trade in dry-goods, shoes, etc. The rulings as to long and short haul freight charges operates to some extent in favor of cities like Baltimore and New York, but even those large commercial localities are among the kickers as to freight transportation charges, discrimination, etc.

A GREAT MAGAZINE.

To attempt to put an estimate upon the American Monthly Review of Reviews for September would be a vain task in a brief notice. We will not attempt it, but be content with saying that this able publication never had such a rich table of contents as is presented in this number. The articles cover a wide range from current comment to the history making events of the times. There are numerous articles on the different phases of the Far Eastern war and the peace conference and the reader of the series will find them a vast storage of knowledge. They not only enlighten but educate the reader. Besides the articles which we merely refer to comes another series under "Events of the Month Interpreted," and numerous contributions on a great variety of topics. One of the interesting articles is a sketch of Mr. Thos. F. Ryan, Virginian and financier. The subject is "Ryan a New Power in Finance," and the tremendous success of this Southern man as related but demonstrates how resourceful some men are. There are many other valuable articles, but the magazine must be read to get an idea of its valuable contents. It is sent for $2.50 a year, or 25 cents per copy. Address: The Review of Reviews Co., 13 Astor Place, New York.

CURRENT COMMENT.

—Linevitch, deprived of opportunity to make his boast good, is given opportunity to always make his good boast.—Pittsburg Gazette.

—The peace terms are so unpopular in Tokio that there are indications that a Democratic party may be formed in Japan—Kansas City Star.

—Senator Bailey denies having likened Senator Cullom to a "nice old woman." Then what kind of an old woman is Senator Cullom?—Houston Chronicle.

—Did you ever notice how man's inclinations differ? One will hurt himself working, while another will hurt himself to keep from working.—Staunton (Va.) Leader.

—Like all disease, graft develops various phases, but it is the same ailment after all. The diagnosis is never difficult, as the symptoms are almost invariably the same.—Dallas News.

—The Russian soldiers who cut off their trigger fingers to keep from facing the Japanese extend a cordial invitation to one and all to come back and kick 'em.—Memphis News-Scimitar.

—Perhaps the North will become more reconciled to Southern lynchings after the action of the negro Baptists held in Dallas, Texas, in favor of lynching negro assailants of white women.—Seattle Times.

—The present eruption of Vesuvius is premature. Colonel Bryan hasn't even started on his travels yet and it may be months before he reaches the vicinity of his esteemed fiery contemporary.—Kansas City Journal.

TWINKLINGS.

—May—Is he a man you can trust? Bess—Oh, yes. Papa says he owes everybody.—Judge.

—First Kid—My grandfather was a pirate. Second Kid—Dat's not-in. My grandfather was a cab driver.—Philadelphia Record.

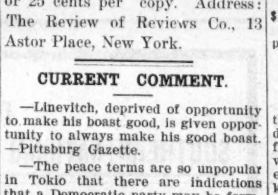
—'Your fiancee seems to have a will of her own.' "Yes, and sometimes I half regret that I'm the sole beneficiary."—Philadelphia Press.

—"De man dat thinks he knows it all," said Uncle Eben, "ginerally turns out to be a victim of misplaced confidence."—Washington Star.

—"I see that Secretary Cortelyou is slated for another Cabinet position." "Yes; it looks as if he regarded the Cabinet as a sort of progressive game."—Cleveland Plain Dealer.

—Sapleigh—Why do you dislike cigarettes? Miss Knox—Because they are dangerous. Sapleigh—But I have smoked them for ten years, and they haven't kill me yet. Miss Knox—Yes, I know—and that's one reason why I object to them.—Chicago Daily News.

—Aumusement Manager—You wish to go on the stage, do you? May I ask what your qualification are? Have you had any experience? Fair Applicant—Yes, sir. Of course I've never been divorced, but I have been in three or four of the most terrible automobile accidents you ever heard of.—Chicago Tribune.



PERSUADE AN OBSTINATE CASE rather than lash it into action if you want to see good progress made. This is as true when it is a faulty human system as when it is a baulky mule.

Alcoholic stimulants and alcoholic medicines whip the digestive functions into quick action but do not prevent the weakening reaction *which follows so closely.*

In cases of impaired appetite and digestion—mal-nutrition and wasting away, a safe and reliable tonic is needed and is the only thing that can be relied upon.

Dr. Pierce discovered, forty years ago, that Nature had provided freely for these needs of her children and that in *her laboratory* were the remedies. Glyceric extracts of Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot and Mandrake root, as prepared, combined and preserved without alcohol, in *Dr. Pierce's Golden Medical Discovery,* constitute the most effective and certain tonic, alterative and tissue rebuilding remedy ever offered to the public.

A prominent merchant, Mr. J. Alfred Arcand, of 680 Saint Lawrence Street, Montreal, Canada, writes: "I have used Doctor Pierce's Golden Medical Discovery off and on for nine years. When I have it in the house I need no doctor or other medicine. Nine years ago I was troubled with rheumatism. Your Golden Medical Discovery eliminated the uric acid from the system. Since that time I have never been without it in the house. There is no other medicine I think so much of, nor none I think its equal. Every one to whom I recommended it is pleased with the results and all thank me for advising its use. It is a splendid remedy for stomach trouble; cures colds in a few days, and is the only sure cure I know of for 'La Grippe.'"

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE COTTON MARKET.

New York, August 14.—October was the feature in the cotton market today, ruling very firm as a result of fresh bull support and covering of nervous shorts. This had a sympathetic effect on the entire list and the market closed down from the best under realizing, but steady at a net advance of 1 @10 points. Sales were estimated at 400,000 bales. The opening was easy at a decline of 3@6 points in response to lower English cables and prospects for big receipts. During the early session, late months added a point or two to their initial loss but October shorts were covering from the first and the whole market soon rallied in response. Considerable pressure was met on a scale up owing to realizing by recent buyers and selling said to be against spot supplies in the South, but the advance was not checked until October sold at 10.56 or twenty points net higher, while later month showed gains of 8 to 17 points. Toward the close increased realizing and some local bear pressure eased prices off from the top.

Receipts of cotton at the ports today: 34,854 bales against 27,972 last week and 31,503 last year. For the week estimated 230,000 bales against 157,908 last week and 186,705 last year. MURDERER HUNG HIMSELF.

Fate of Man Who Confessed to Murder of Ohio Girl.

Minot, N. D., Sept. 13.—The dead body of Charles Herzig, who left a written confession that he was guilty of a murder committed near Youngs town, Ohio, over 30 years ago, has been found by a posse of searchers. The body was hanging to a tree in a secluded ravine in the county of Wallace. Pinned to his breast was a piece of wrapping paper on which was written a confession of his crime. Around his neck was a shred of thin green stuff such as women use for face veils. It is recalled by a former Youngstown man here that Lizzie Grombacher wore such a veil when murdered and that part of it was used to strangle her. The piece found about Herzig's neck is supposed to be the remainder of the veil, as he showed such a piece to a fellow ranchman, to whom he told the story of his crime declaring that he had kept it all these years to use in ending his own life some day.

SPIRITS TURPENTINE.

—Work has been commenced on Spencer's $20,000 Y. M. C. A. building.

—Southport Herald: The mullet fishing season has opened in and near Southport and bids fair to be a prosperous one. Already several large catches have been made here the past week.

—A handsome monument to the Confederate dead was unveiled on Thursday at Lexington. Hon. Cyrus B. Watson was orator, and a large number participated in the interesting exercises.

—The medical department of the University of North Carolina, located in Raleigh began its term Wednesday with 20 students. The opening address was delivered by Dr. Hubert A. Royster, dean, of the faculty.

—At Wadesboro on Wednesday night, Jesse Little, a negro boy, was instantly killed at a merry-go-round, operated by Mr. H. C. Bailey. The boy endeavored to step over the belt connecting the merry-go-round to the engine and was dashed to death against the engine.

—Jim Davis, a colored boy working at York's Cotton Gin, a few miles south of Maxton, was caught in the gin while feeding it Wednesday morning and came near losing his life. He escaped with a badly mangled right hand and wrist, which had to be amputated just below the elbow.

—Winston-Salem Correspondence: Postmaster Reynolds says the receipts at the Winston-Salem office are continually on the increase. The receipts at the local office aggregate over $50,000 annually. For its size Winston-Salem pays Uncle Sam about as much postage as any city in the country.

—Burnette Eagle: Charlie Gibbs, who lives on South Toe river, on last Thursday killed eleven rattlesnakes. The largest was five feet long and was the owner of thirteen rattles, and the others were will grown. Charley says it was not a good day for snakes either. At this same place Mr. Gibbs killed twenty-nine snakes last year.

—Mr. John F. McNair and daughters, Mrs. Mattie Evans and Miss Mary have returned to Laurinburg from Colorado Springs, Col., where Mrs Evans has been ill with typhoid fever for some time. Mrs. Evans and Miss Mary were in the Black party on the way of the Lewis and Clark Exposition, but had to stop over at the Springs.

—Mr. H. B. Phillips, a son of Clerk of Court H. T. Phillips, of Lexington, has been elected professor of mathematics in the University of Cincinnati, O. Mr. Phillips graduated at Erskine College, Due West, S. C., in 1900, and then took a post graduate course at Johns Hopkins University, receiving the degree of Doctor of Philosophy at the latter last June. During the last year at Hopkins, he held a fellowship and was the youngest man in his class, being only 23 years old.

—Southport Herald: We were shown this week a very queer curiosity in the shape of a half rabbit and a half cat. The animal's head and two front lets resemble a perfect cat, whilt its two hind legs and tail is that of a real wild rabbit. From the center of its back to its tail it is grey with an occasional spot of white, while its head and two front legs resemble a tabby house cat. In its attitude to walk it hops just precisely as a rabbit would. The animal was raised by Capt. J. J. Thompson and is about one month old.

—Raleigh News and Observer: At a meeting of the Board of Directors of the American Box and Veneer Company held yesterday afternoon, the following officers were elected: Alex. J. Feild, president; Jesse G. Ball, vice-president; Thomas M. Jordan, treasurer; Charles J. Parker, secretary. The Board of Directors is composed of the above and Charles B. Park, W. S. Wilson and F. T. Ward. The business of this company will be located at Raleigh and will be begun at once. The company will manufacture boxes and other packing and shipping cases.

Asheville correspondence, September 13: Probably the finest load of apples ever marketed in Western North Carolina was sold in Asheville to-day. The apples were raised and brought to the city by R. B. Jones, of the Reems' Creek section. They are known as the Patacalk Holcombe variety, some times called the Belle of Buncombe and weighed from 10 to 21 onces each. An Asheville gentleman who chanced upon the apples as the wagon was driven into the city purchased a bushel and selecting a dozen of the finest and the largest found that the dozen measured a peck and a half.

—Asheville correspondence, September 13: Superior Court is to-day engaged with the closing chapter of the $2,000 damage suit of T. T. Stepp against J. M. Hearn, known as the "mad-dog" case. The claim of Mr. Stepp against Mr. Hearn for $2,000 is for alleged injury, suffering land expense incident to a bite of a dog belonging to Mr. Hearn and which, the plaintiff claims, was mad at the time he was attacked by the burte. The defence contends that the dog was not mad. The plaintiff claims that he was put to a great deal of expense at the time he was bitten to counteract the effects of the bite.

—Raleigh News and Observer: The new dormitory at the North Carolina soldiers' home is being completed this week and will afford room for thirty-five additional old soldiers. There are now 130 being cared for and about forty-five applications for almission on file. The State will dispense $275,000 for Confederate pensions this year instead of $200,000, an additional $75,000 having been added by the last Legislature. However, the State Board of Pensions finds that there are 1,200 new pensioners, so that they have decided to make the distribution on the basis of $60 each to first-class, $45 each to second, $35 each to third, and $18 each to fourth-class pensioners. The fourth-class heretofore received $14 each. There is no change in the amounts to the first and third classes.

—A telegram from Greensboro on Wednesday says: R. H. Hardin, one of the parties indicted by the grand jury of the special term of the Federal Court here last week, has left for parts unknown and a deputy was sent to-day by United State Marshal Millikan, to Wilkesboro, to take charge of Hardin's stock of hardware and protect the interest of his creditors. It is said that it looks very much like Hardin had been anticipating indictments to be found against him, for, during the past 30 days, he had been buying hardware quite freely and converting it into cash as fast as possible to raise a stake to take care of him when he got ready to skin. The news received here is to the effect that he fleeced his creditors in the past few weeks to the amount of at least $15,000.

—A Washington dispatch says: Assistant Attorney General Robb, who has been looking after the investigation made by the department of justice in North Carolina, has returned to the city to-day. He would not discuss the indictments made by the Federal grand jury at Greensboro last week, but it is apparent that there is no cause for complaint on the part of officials here over the result of events at Greensboro. The officials here have full confidence in District Attorney Holton and Assistant Attorney Price, and the special agents will remain in North Carolina as long as their services are required by these officials. Whether the investigation will be conducted in the other sections of the State is a matter that rests largely with Mr. Moody, and he has said that he will extend the probe wherever it appears that there is wrong-doing on the part of public officials.

CURE YOUR KIDNEYS.
Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor; why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wilmington testimony:

B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Roan's Kidney Pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SCIENCE PREVENTS BALDNESS.
The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
HARDIN'S PHARMACY, Special Agent.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Special Trial Offer
THE MORNING STAR
At Reduced Rates
To New Subscribers
For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:
FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00
Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.
This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.
No name will be entered on our books under this offer unless the order is accompanied with the cash.
While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.
On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.
Sample copies mailed free to any address.
Note the conditions of this offer carefully to avoid mistakes.

The Morning Star.

WILMINGTON, N. C.

Friday Morning, Sept. 15.

WARM WIRELETS.

Mayor Patrick A. Collin, chief executive of the city of Boston, and a prominent factor in Democratic circles died at Hot Springs, Va., yesterday.

The official bulletin issued at Berlin announced nine fresh cases of cholera and two deaths during the 24 hours ending at noon, making a total of 183 cases and 66 deaths.

The freight depot at Bistol, Tenn., owned jointly by the Norfolk and Western and the Southern Railway, was destroyed by fire yesterday. The loss will probably reach $50,000.

At Boston yesterday overnor R. B. Glenn, of North Carolina, was entertained at dinner at the Algonquin Club in the afternoon. The dinner was given under the auspices of the American Invalid Aid Society, S. S. Pierce and General Charles H. Taylor.

At Newport, R. I., yesterday the yacht racing season closed here today with the race for the Walter's Cup and James Ford's Matrina won the trophy for schooners on her time allowance over Elmira II., which finished first, and the Corona, which finished second.

Governor Terrell yesterday appointed Associate Justice William H. Fish, of the Georgia Supreme Court to succeed the late Thomas J. Simmons, as chief Justice. Judge Marcus W. Beck, of Griffin, was appointed to fill the unexpired term made vacant by the promotion of Justice Fish.

At Indianola, La., yesterday four men were killed, six were seriously burned and a dozen more were stunned by lightning which wrecked a crowded poultry exhibition tent at the county fair. The lighting struck the tent pole, splitting it in two and tearing the sides of the tent into shreds. Hundreds of the chickens on exhibition were killed.

At Raleigh yesterday Will Adams, a negro 21 years old, was hanged for the murder of a negro woman, Mary Bridgers, and her child, in Wake county in January, 1904. Adams had been tried twice, the Supreme Court twice reviewed the case and Governor Glenn reprived his three times. Adams declared his innocence to the end.

In Danville, Va., yesterday the local option election resulted in a victory for the "Wets" by a majority of 18. The total vote was 672. The "Drys" say that they will contest the election of the ground of illegal voting, while the "Wets" contend that nearly one hundred of their votes were illegally rejected. The city voted "Dry" by more than 200 majority two years ago.

Baron Komura, the Japanese peace envoy who is illat the Waldorf-Astoria hotel in New York, was resting quietly yesterday without apaprent change of condition since last evening. Baron Kaneko, who had several conferences with President Roosevelt, during the time that the pence negotiations were in progress at Portsmouth, was ill today at his apartments in a New York hotel.

At Norfolk yesterday announcement was made of the purchase of the Pamlico, Oriental and Western railroad, running from Bayboro to Newbern, N. C., by the interests in control of the Virginia and Carolina Railway, which is to run a lone from Norfolk to Beauford, N. C., through the lumber section of North Carolina. This line will be used as a branch of the main line to Newbern for additional terminals at that port.

Seven Greek sailors of the British steamship Glenroy, Captain Spink, are in jail at Jacksonville, Fla., charged with mutiny. They attacked the captain yesterday with knives. The other officers of the ship came to his assistance and the men were subdued and put in irons. They had their preliminary trial yesterday and were held by the United States commissioner. Tomorrow they will be tried before British Vice Consul Sudlow. Captain Spink was not hurt.

A Briston, Va., special says: The decision of Judge Price in the Quo Warranto proceedings against the Southern and Western Railway Company in which the judge declared the charter of the defendant Railway Company in Virginia forfeited, has been reversed by the Supreme Court of Virginia, sitting at Staunton. The upper court holds that owing to the form of the proceeding, Judge Price did not have jurisdiction. This means that the proceedings will be renewed in amended form and the delay that will necessarily follow means a serious tie-up in construction work in Scott and Wise counties, Virginia, on the new coal-carrying road.

NASHVILLE'S JIM CROW LAW.

Negroes Will Ride in Automobiles Instead of Street Cars.

By Wire to The Morning Star.

New York, September 14.—That R. H. Boyd, president of the Penny Savings Bank of Nashville, Tenn., had purchased in this city four large automobiles for use on a new street automobile line for negroes in that city, was announced to-day. The vehicles are to be used by the Union Transport Company of Nashville. The Rev. C. McN. Parish, of Louisville, Ky., a negro stockholder in the new company, said:

"A law granting the conductors of the street railways power of police to remove passengers from any seat in the car, and to arrest whoever refuses, was passed several month: ago. It is worded to apply both to the blacks and the whites, but it is really directed only against the blacks and since it was passed several negroes have been arrested for refusing to obey the conductors. As a result, the receipts in fares have fallen of $500 a week since the law was pessed. The negroes immediately organized a company of their own, and began by using wagons. They found that they owned among themselves seventy vehicles which they could use for the purpose. The enterprise has prospered, and yesterday I went with Mr. Boyd to purchase four large steam automobiles, which will be run in place of cars. The purpose of the company is to give the negroes of Nashville equal rights with the white passengers. It is not our purpose to exclude the whites, and as automobiles are something of a novelty in Nashville, we expect that the whites will patronize our company."

WITHOUT COFFINS TO BURY DEAD

Tragic Feature of Yellow Fever Scourge at Leesville, Near New Orleans

ONLY SHROUDS FOR DEAD

Less Favorable at New Orleans—Many Cases in Louisiana and Mississippi Towns—Three New Cases in Pensacola.

By Wire to The Morning Star.

New Orleans, September 14.—The following is the official report of the yellow fever situation at New Orleans up to 6 P. M. to-day:

New cases to-day, 49.
Total cases to date, 2,462.
Deaths to-day, 6.
Total deaths to date, 329.
New foci, 15.
Cases under treatment, 316.
Discharged, 1,817.

The was nothing new in the local situation to-day beyond the increase in number of new cases and deaths. There were really seven yellow fever deaths, but one of them does not appear on the record. It is the case of an Italian who, in the delirium of his fever, secured a revolver and blew out his brains.

Some idea of the deplorable yellow fever conditions that prevailed at Leesville before relief doctors and nurses reached the scene, was given to-day by Manuel Encalade. He said communication was cut off with New Orleans, the food supply ran low, the medicines kept in the town store were exhausted, and it was impossible to get coffins for the dead, who were buried in shrouds.

In the country, the situation at Tallulah is improving under the management of Doctors Chassiagnac and Von-Ezdorf. The people there have asked the State Board of Health that Dr. Chassiagnac be assigned to remain there and conduct the campaign to the end. This has been referred to Dr. Chassiagnac, who will determine later what his course will be.

Among other country reports were:
Patterson, 20 cases; 2 deaths.
Kenner, 8 cases; 2 deaths.
Clark Chenier, 1 death.
Berwick, 1 death.

No New Cases at Natches.

Natchez, Miss., September 14.—Not even a suspicious case of yellow fever was reported to-day. Six patients are under treatment. Doctors Lavinder, Ackman and Sessons, who went to Kemps, La., to-day to diagnose five cases at that place reported that they are not even suspicious.

Two More Cases at Vicksburg.

Vicksburg, Miss., September 14.—Two new cases of yellow fever were reported in Vicksburg to-day. Total cases to date, 28; deaths, 3. Seven patients are under treatment now.

Three New Cases at Pensacola.

Pensacola, Fla., September 14.—One death and three new cases is the report officially announced to-night at the Board of Health headquarters, all of the new cases being in the infected area. The man to die was H. D. Brooks, a draughtsman, who came here several weeks since to take a position in an abstract office. He had been sick five days, but during the first period of sickness refused to take medicine prescribed.

On account of objections made by Governor Jelks of Alabama, the marine hospital camp, which was to have been establishel near the Alabama line has been abandoned. It will be located at another point.

In Mississippi.

Jackson, Miss., September 14.—The Mississippi yellow fever summary for the past twenty-four hourse is as follows:

Soria City, a suburb of Gulfport, one case discovered by Surgeon Wasdin.
Mississippi City, one new case.
Vicksburg, two new cases developed at Gulfport.

Natchez, Pearlington and Hamberg report no new cases during the day, and no deaths at any of the infected points. Surgeon Lavender reports that the sickness at Kemps Landing, La., is not yellow fever.

FAR REACHING DECISION.

License Required to Sell Patent Medicines Containing Liquor.

By Wire to The Morning Star.

Washington, September 4. — The commissioner of internal revenue today rendered a decision that will seriously affect a number of patent medicines composed largely of distilled liquors. He has reversed a ruling of his department made many years ago, and now decides that the manufacturers of these medicines must take out licenses as rectifiers and liquor dealers and that druggists and other handling them will have to pay the usual retail liquor dealers' license. The commissioner, in a letter of instruction to collectors of internal revenue, says that there are a number of compounds on the market going under the names of medicines that are composed chiefly of distilled spirits, without the addition of drugs or medicines in sufficient quantities to change materially the character of the whiskey.

While no statement is made by the commissioner as to the medicines that will be affected, it is believed that several prominent and highly advertised medicines will be affected by the decision. In some instances these medicines have been found to contain as high as 45 per cenr. of acohol, and there are many on the market, it is said, that contain 25 per cent. of alcohol. These medicines are said to have immense sales in prohibition communities, figures collected in Massachusetts recently showing it is stated that one much advertised compound with a high percentage of whiskey had been bought to the extent of 300,000 bottles in one year in prohibition communities of one New England State.

A dispatch from Charlotte last night says: R. H. Hardin, a revenue collector indicted on 49 counts by a recent Federal court at Greensboro, and who left for parts unknown, today surrendered himself at Wilkesboro, and made bond in the sum of $60,000. A. C. Brkan, L. E. Davis, G. H. Walker, also revenue officers, appeared and gave bond in the sum of $60,000 $5,000 and $2,000 respectively.

FARMERS' CONGRESS TALKS IMMIGRATION

Federal Railroad Legislation Urged—Favors Income Tax, Government Aid For Road Building, Etc.

By Wire to The Morning Star.

Richmond, Va., Sept. 14.—A discussion of the labor problem growing out of an address on "Alien immigration and the need of farm labor," by Robert DeC. Ward, of Massachusetts, a representative of the Farmers' National Congress, in session here, proved to be the feature of the congress thus far. Marked interest was taken in the question and the opinions of delegates from different parts of the country who live under differing economic conditions, were eagerly listened to.

A resolution was adopted today providing for a committee to lay before the proper committees of the National Congress the resolutions of the Farmers' Congress and a resolution was proposed urging Federal legislation in behalf of the election of United States senators by the people.

Mr. Ward was followed in his address on immigration restriction by Mr. Bijur, of New York, chairman of the New York Associated Charities, who took the opposite side of the question in some respects.

Mr. Beverly, of Virginia, also spoke on the question as also L. D. Rice, of Port Huron, Mich.; D. C. Noble, of Nebraska; Frank Smith, of Virginia; A. H. Indy, of Ohio; W. A. Graham, of North Carolina; Mr. Rhett, of South Carolina; President Jordan, of the congress, and others.

The afternoon session was a very busy one, the congress finishing up its work and adjourning finally.

This afternoon the congress adopted a resolution calling for the exclusion of "undesirable" immigrants, and resolutions approving railroad legislation by the national government and favoring an income tax.

The resolution in relation to railroad legislation reads as follows:

"We favor the active enforcement by the general government of all existing laws in order to prevent the giving or accepting of rebates or special favors (through whatever devices) to or by favored shippers and whereas, we expect that the Interstate Commerce Commission will aggressiely and promptly apply all remedies at their disposal; now, therefore,

"Resolved, That if the existing laws for the detection and punishment of the giving or acceptance of such rebates or special favors are insufficient or defective in any respect, we favor the enactment of such further legislation as may be necessary adequately to deal with the evil and to prevent such practices in the future."

The afternoon session was a very busy one, the congress finishing up its work and adjourning sine die. The next place of meeting was left to the choice of the executive committee.

Following are the officers for the next two years:

President—J. M. Stahl, of Illinois.
First Vice President—Bennehan Cameron, of North Carolina.

THE SUBSISTENCE MONOPOLY.

President Roosevelt Approves Award of Contract in Canal Zone.

By Wire to The Morning Star

Oyster Bay, Sept. 14.—A contract for the hotel and subsistence concession on the Panama canal zone, awarded to Jacob E. Markel, of Omaha. Neb., by President Theodore P. Shonts, of the Panama railroad company will stand. This, in effect, is the decision of President Roosevelt, who today approved a report on the subject made to him by Mr. Shonts.

The contract amounts, in the aggregate to many millions of dollars but Mr. Shonts' report indicates that it may be abrogated at the will of the government which actually will own the permanent plant used by Mr. Markel in filling the terms of his contract.

Mr. Shonts' statement clears up those allegations to the satisfaction of the President. He, therefore, has approved the report and no further action concerning the protest probably will be taken.

Mr. Shonts says in his report that the bid of Markel in every item but one was either as low or lower than the other bids and that all bidders were fairly treated on precisely the same basis and Mr. Shonts further says:

"In making the award I took into consideration not only the prices but the experience of the bidders and the organizations for the business that they now have. Mr. Markel has had thirty years experience in this special field of operating railroad hotels and constructing camps on the Union Pacific, Illinois Central, Chicago, Burlington and Quincy; Kansas City, Southern and other roads; that he has now large camps on two or three of these roads; that he has such a large force that he can withdraw from it sufficient help to promptly equip the hotels we have constructed and will also be in a position (if the climate affects his staff) to keep supplying new men from his force in the United States as exigency demands and letting those on the isthmus return here to recuperate thus having a constant chain of fresh employes going to the isthmus."

POWERS MAY INTERVENE.

Crisis Approaching in the Differences Between Norway and Sweeden.

By Wire to the Morning Star.

London. Sept. 14.—Reports received from Copenhagen tonight say that some of the powtrs are intervening to secure a peaceful settlement of the difficulties between Sweeden and Norway.

No authoritative account has yet been issued regarding the progress at Karlstag of the negotiations between the Swedish and Norwegian commissioners. Both the Swedish and Norwegian papers regard the crisis as acute. The Swedish even talk of an ultimatum and preparation of mobilization but though the situation between the two countries is strained, it is not believed it will end in war. A Christiana paper asserts that Norway would gladly accept either arbitration or mediation as the Norwegian government has a sincere desire to effect an understanding with Sweden.

FINANCE METHODS INQUIRED AFTER

New York Legislative Committee Getting Frank Answers From Insurance Officials

BANKS HOLD THE WHIP HAND

If Millions of Securities Are Wanted Big Insurance Companies Can't Buy at First Hands—Bankers Are Middle Men.

By Wire to The Morning Star.

New York, Sept. 14.—When the special legislative committee probing the life insurance companies' methods adjourned today Chief Counsel Hughes had finished for the time the examination into the Mutual Life Insurance Company and the Metropolitan Life Insurance Company was started on when Silas B. Dutcher, a director and a member of the finance committee, was called to the stand.

Mr. Dutcher was questioned regarding the securities held by the Metropolitan and as to the syndicate operations of his company.

He was asked the salaries of the company's officers but he could not remember them. He will present the list of officers' salaries to the committee tomorrow. Mr. Dutcher was still on the stand when the committee adjourned. Earlier in the day Treasurer Crom well had been on the stand to continue his explanations of the Mutual Life's syndicate operations. In explaining the relations of the Mutual with trust companies, Mr. Cromwell stated the interesting fact that on the purchase of $1,120,000 shares of the Titul Guarantee and Trust Company, the Mutual had received in dividends $1,220,000, making these shares cost nothing and realizing a profit. Mr. Cromwell stated these shares were now selling at over $600.

One advantage of dealing through syndicates in preference to buying railroad bonds direct, Mr. Cromwell said he had actually tried to buy bonds directly from a railroad company. He went to his friend, Stuyvesant Fish, president of the Illinois Central Railroad. "Mr. Fish told me he could not afford to sell bonds to the Mutual," he said.

"Then the truth is that the railroads must stand in with the bankers in order to sell their securities and the insurance companies must stand in with the bankers in order to buy at low prices?" Mr. Hughes asked.

"Exactly."

"The bankers control the situation?"

"No doubt of that."

In his testimony after the recess, in explaining the matter of the purchase of the Bank of California stock, Mr. Cromwell said the issue price of the stock was 350. Mr. Cromwell hoped to get the shares at this figure but in the end the shareholders, to whom under the California law the rights to the new issue belonged, held out and the Mutual obtained its 5,000 shares at an average price of 380 8-10. The sale was entirely by individuals and there was no syndicate.

The transaction was left entirely to William Babcock with absolute confidence that he had been dealing fair with the Mutual.

Mr. Hughes asked how the increases or decreases of bank balances were controlled.

"I control them," said Mr. Cromwell.

He recalled that in one instance he added $1,000,000 to the deposits in the Guranty Trust Company because the trust company needed the money for a special purpose. He could not remember what was the special contingency, but he promised to look up the records and disclose it.

"The advertising, printing, stationery and postage accounts of the Mutual is $1,134,333.76; of the New York Life it is $851,284.68; for the Equitable, $772,645.50. Can you explain these very large amounts?"

"I know nothing about it. Current expenses of the Mutual are under a special committee."

"Is this true of the legal expenses amounting to the sum of $364,254?"

"I have nothing to do with it. It would be under the law department."

It was at this point that Mr. Dutcher was called. While his testimony developed nothing of a startling or sensational nature, several statements made by the witness were of passing interest.

One of these was that the company has no treasurer, the cashier acting in that capacity.

Of $75,000,000 of the securities held by the Metropolitan about $65,000,000 were purchased from Vermilye & Co. and W. A. Reid & Co. The reason, Mr. Dutcher thought, why so great an amount of business was done with these firms, was because they have done business satisfactorily and the company deemed it advisable to continue with them. Mr. Dutcher said the president usually did the purchasing of securities for the Metropolitan.

It appeared from the questioning that the president of the Metropolitan had discretion in which banks and trust companies deposits should be kept.

SERIOUS ASPECT OF BOYCOTT.

Tieing Up of $25,000,000 of Goods at Shanghai Disturbs Finances.

By Wire to The Morning Star.

Washington, September 14.—The State Department to-day received a communication from Consul General Rogers at Shanghai, which sets forth the condition of affairs there commercially growing out of the Chinese boycott. One phase of the movement which is disturbing to all business minds, he says, is the effect it is likely to produce upon the finances of that great center of commerce. There are at the present time in Shanghai warehouses approximately 169,000 bales of American piece goods, valued at nearly $8,000,000 in gold. The question therefore of marketing this commodity and of collecting the money under the present coaditions, and with Manchuria closed, he adds, presents a very serious condition, and is apt to cause great difficulty not only to the Chinese merchants but also to the importers. What is true of piece goods, he says, is also true of all other lines of staple products. The market has been over-stocked and nothing is moving and while the Chinese merchants are now suffering, the foreign firms will assuredly feel the effect on the settling dates. The total value of foreign goods likely to be effected by this boycott movement in Shanghai alone, has been estimated conservatively at $25,000,000.

THE HOSPITAL INVESTIGATION.

Experts and Attendants Testify In Nall Case at Raleigh.

(Special Star Telegram.)

Raleigh, N. C., September 14.—The directors of the State Hospital for the Insane devoted the whole of the day to an examination of witnesses as to the practice of cruelty toward patients by officers, nurses, attendants and to the hearing of evidence in the sensational Nall case. Every officer, and employe disavowed any knowledge of any cruelty toward any patient during the whole administration of Supt. McKee. Half a dozen or more physicians of prominence testified that in the light of the findings of the autopsy, they were convinced that death was due to acute dilitation of the heart brought on by the patient's attempted escape and resistance to capture, and that had they been in the position of Supt. McKee, they would have made the same diagnosis of the case he did and pursued the same course. Among these physicians were Dr. H. A. Royster, dean of the University medical department; Dr. W. I. Royster, Dr. A. W. Knox, of the faculty of both the State University Medical School and the Leonard School of Medicine at Shaw University; also, Dr. Young, of Concord; Dr. R. S. McGeachy and Dr. McKee Tucker, of Raleigh. Dr. Jordan, the coroner, was examined and insisted that death resulted from a combination of causes including a clot on the brain which he believed came from a blow dealt by one of the attendants. All the other physicians maintained that the clot could not have caused death. There was no outward evidence of any blow to cause it. The Board adjourned to September 21st, when they will take typewritten testimony and formulate their report to the Governor. This, it is conceded will exonorate the management from all blame.

HANGING OF WILL ADAMS.

Interesting Question of Municipal Government Before Federal Court.

(Special Star Telegram.)

Raleigh, N. C., Sept. 14.—At 11:46 o'clock to-day the trap was sprung under Will Adams, colored, and in six and a half minutes thereafter, life was extinct and the penalty had been paid for the killing of Mary Bridgers, colored, and her child in February, 1904. The negro insisted to the last that he was not guilty and showed remarkably little nervousness or concern, going through the ordeal with a sort of stolidity that had characterized him throughout his trial and imprisonment. Doctors J. W. McGee, Jr., and Horton were the attending physicians. Rev. Mabry, of the Presbyterian church, colored, was the spiritual adviser and conducted a service just before the execution. The prisoner turned a deaf ear to all the minister's entreaties to confess his crime. The body was turned over to his wife.

Judge Purnell in the Federal court heard to-day argument in an application for a writ of habeas corpus for Bertha Brown, held under default of payment of $100 fine by the Raleigh police justice for keeping a bawdy house, the point of State importance involved being the right of a police justice to dispose of such cases and misdemeanors generally without a jury trial. The case practically involves the very existence of such courts. The principal argument for the State in support of the jurisdiction of the justice's court was made by Attorney General R. D. Gilmer. Col. J. C. L. Harriss is leading counsel for the plaintiffs. The judge reserves his ruling.

HER LIFE FOR A PET.

Aged White Woman Stepped In Front of A. C. L. Train.

(Special Star Telegram.)

Tarboro, N. C., Sept. 14.—Mrs. Susan Williams, aged 75 years and a pensioner of the Mexican War, was struck by the engine of a locomotive freight train from Rocky Mount and killed, at Meadora, three miles north of South Rocky Mount, on the A. C. L. railway, this morning. The unfortunate woman attempted to cross the track in front of the moving train in an effort to save the life of a pet dog without apparent cognizance of the jeopardy in which she placed her own life. The deceased was a widow of John Williams, who served the Coast Line as section master for a number of years.

Good Woman Entered Into Rest.

Miss Matilda C. Bloodworth passed away at 2:15 o'clock yesterday afternoon at the home of Capt. E. G. Parmele, on Princess street, in the 76th year of her age. Miss Bloodworth was adopted by the Jacobs family in this city when she was a mere child and had grown up as one of the family to the ripe old age at which she died. She was held in the warmest affection by members of the family and by quite a number of friends in Wilmington who will hear of her demise with sadness. She was a devoted member of Grace M. E. Church and the funeral will be conducted by Rev. N. M. Watson, pastor of that congregation, from the residence of Capt. Parmele at 4:30 o'clock this afternoon. The interment will be in Oakdale.

THE POT OF $49,900 IN GOLD.

Deputy United States Marshal Who Says Story is Authentic.

Charlotte, N. C., September 14.—The story of the finding of a pot containing $49,900 in gold coin in Chesterfield county, South Carolina, is given credence by Deputy United States Marshal Ben Barnes, of Asheville, who, according to a special, says he has authentic information that a Swedish captain captured the gold on the high seas more than a century ago, buried it near Chesterfield, and made a chart showing its location. Returning to his native land, he soon died, willing the buried treasure to his heirs, who have made several unsuccessful efforts to locate the treasure. Mr. Barnes was offered $15,000 to locate the gold, but being in the employ of the government, could not give time to the search. He is confident that the find was genuine.

The Colleton Cotton Mills at Waterboo, S. C., were sold at auction in that city yesterday under order of the United States District Court for $53,-050.00. John F. Lucas, president of the Colleton Banking Company, being the purchaser. The upset price was fixed by court at $45,000. There were two other bidders.

CHILD RUN OVER BY WAGON.

Little Son of Mr. J. F. Woolvin Escaped Serious Injury.

There was considerable excitement in the vicinity of Third and Chesnut streets about dusk yesterday evening. The colored driver of a delivery wagon for Messrs. Bagget Brothers, the grocers, ran over the little four-year-old son of Mr. James F. Woolvin, who was some distance ahead of Mrs. Woolvin on a velocipede on his way home. The little fellow was close in to the sidewalk but the negro came around the corner of Third and Chesnut street at a rapid rate of speed, according to witnesses, and the rear wheels of the wagon passed over the boy's legs about the knee, inflicting painful bruises. The negro drove on but was stopped and brought back to the scene of his recklessness. Mr. Woolvin was some distance away but he came pretty quickly and had to be restrained from administering summary punishment to the driver. The little boy was taken into the residence of Mr. A. B. Corinth, on the corner, and was later taken home where Dr. Burbank came and dressed the injuries. The little fellow was resting comfortably last night and will be out again in a day or two.

"REUBEN IN NEW YORK."

Coming Attraction to Academy of Music Monday Night.

Continuous and genuine fun is promised on the night that Manager Willard presents "Rebuen in New York" at the local play-house. As laughter is the only true tonic of the soul which alone drives away carking care and really rests the mind, so every one given to a fit of the blues should not fail to witness the presentation of this rollicking farce, which we are told will surely fresco all melancholy faces with many smiles. The troubles of Reuben as protrayed by a company of pretty girls and funny men, should effectually banish dull care from the minds of every one of its beholders. If pretty costumes, gorgeous scenery and novel mechanical effects can aid in rendering its witty dialogue, ludicrous complications, pretty songs and exquisite dances more merry than Manager Willard will have to reach the acme of unqualified success.

The sale of seats will commence at Plummer's to-morrow.

EVER TRIED COFFEE THIS WAY?

It is a well-known fact that even the best of housekeepers cannot make really good coffee without having the proper materials.

They will **never** make it with coffee of doubtful origin, adulterated, queerly blended, and possibly dirty coffee that has, perhaps, been mixed up with all kinds of other things on the counter.

But let them take a package of **Lion Coffee**—the purest and cleanest—and the brand universally used throughout the United States for over twenty-five years. Millions drink it daily, and get the best results if it is made in the following way:

Try it once and you will never want to try any other brand of coffee.

How to Make Good Coffee.

Use **Lion Coffee,** because to get best results you must use the best coffee.

Grind your **Lion Coffee** rather fine. Use a "tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. **With boiling water.** Add boiling water, and let it boil three minutes only. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. **With cold water.** Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

Three Don'ts—Don't boil too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

Two Ways to Settle Coffee.

1st. **With eggs.** Use part of the white of an egg, mixing it with the ground **Lion Coffee** before boiling.

2d. **With cold water**—instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer. *
